Park Committee Minutes: October 6th 2015

Call To Order: 6:02 pm

In Attendance: Scott Gumto, Karen Trempus, Bob Pilat, Doug Roth, resident John Trempus and Eagle Scout candidate Ian Gumto.

Approve Minutes from August 4th: Motion by Scott, second by Karen, motion approved.

New Business:
Scout Projects: there has been some confusion with some of the Scout Projects as to what role the Township will play in the project. After some discussion, it was decided that a "check list agreement" will need to be done prior to the project. This way the Scout and the Township will know the responsibilities as the project progresses.

Hartzell Pavilion: the pavilion will be erected soon and ready for the concrete pad that is to be poured on October 12th by Eagle Scout Nick Helfer and helpers.

Volleyball Court: The Park Committee hires Scott Gumto to complete the restoration of the volleyball court. The site needed raked out, topsoil added and then seeded.

Frisbee Golf: Scout Ian Gumto explains his project for Frisbee Golf. This course will be only the second in the County and it is becoming increasingly popular. The Board of Supervisors approved the Golf course. Ian did an excellent job of explaining and was very mindful of people using the trails when designing the course.

Old Business:
KLH: Still waiting for KLH to okay more digging.

Park Hours: It was decided the Park hours would be from sunrise to sunset. This was a request by the Police because of activity at the Park during the night. Doug will order a sign.

Other Business:
Stakes: A lot of the stakes marking the trails have been pulled out, run over and knocked down. It was suggested moving the stakes from the center of the trail to the side. The trails are cut in now, so the stakes are not really needed anymore.

Covers for the Posts: Scott recommends the Township put a covering around the posts so the concrete doesn't splash all over them.

Adjournment: 7:00 pm

Next meeting November 3rd at the Township Building. 6:00 pm
