

Butler Eagle 12-4-2024 Traffic Light Replacement at Rute 8 and Airport Road Construction Work Begins

Work begins at Airport Road, Route 8 intersection.

Stoptlights sit on the ground as construction workers prepare the poles that will hold the new stoptlights that will hang at the corner of Airport Road and Route 8 in Penn Township on Wednesday, December 4, 2024. Rob McGraw/Butler Eagle

The threat of snow to come didn't deter work from happening Wednesday, December 4, at the intersection of Airport Road and Route 8 in Penn Township.

The installation of a new traffic signal begins at the intersection known for crashes — some deadly — after the Township received a delayed shipment of the poles needed for the traffic signal.

Besides the new traffic signal, new left-turn lanes, pedestrian crossings, and improved lighting are planned for the intersection.
