

BUTLER AMBULANCE SERVICE

Care you can count on

Although most residents think they will never need our emergency services, we must be available to respond at a moments notice with responsive, professional, and caring EMTs and Paramedics. Your Butler Ambulance Service membership helps provide the basic funding necessary for our Emergency Medical Service System.

**PLEASE TAKE A MOMENT TO COMPLETE
AND RETURN YOUR APPLICATION TODAY.**

2025-2026 BUTLER AMBULANCE SERVICE MEMBERSHIP

SERVICE

BASIC & ADVANCED LIFE SUPPORT

We provide emergency and non-emergency ambulance transportation with professional personnel 24 hours a day. We have 10 ambulances and a paramedic response truck to serve the community from three locations.

WHEELCHAIR VAN SERVICE

BUTLER ASSIST COACH

Wheelchair van service is provided as part of our complete medical transportation service. We have 14 wheelchair vans to transport patients to the hospital, doctors appointments, nursing homes, etc. Reduced rates are available for members.

If you are enrolled in an HMO or other insurance plan that requires a "pre-certification" or "authorization" for non-emergency transport, it is your responsibility to obtain this information and supply it to us prior to making arrangements. Failure to do so will result in you being made responsible for payment of services. This membership permits Butler Ambulance Service to bill and receive payment from your primary insurance plus any other insurance carriers including your co-insurance for ambulance services rendered. If your insurance plan pays benefits directly to you, it is your responsibility to forward payments to Butler Ambulance Service. This membership authorizes any holder of medical information to be released to the Center for Medicare and Medicaid Services, its agents, other insurance companies, Butler Ambulance Service, and other information needed to determine the benefits payable for related services.

Medically Necessary generally means that other forms of transportation could endanger or prove detrimental to the health of the patient. "Medically Necessary" also applies to patients who are physically incapable of using other forms of transportation, and is frequently a requirement for insurance coverage eligibility, and a signed certificate of medical necessity by your physician is required.

Butler Ambulance Service reserves the right to bill all available Third Party Insurance Carriers.
